Dear Dr. Fipps:

This letter is provided in order to demonstrate commitment by the Bexar Metropolitan Water District (BexarMet) to support the establishment of a Texas A&M University Irrigation Technology Center (ITC) in the San Antonio Region.

BexarMet supports the vision of the ITC to establish a world class, state-of-the-art facility for education, testing, and applied research, to promote efficient irrigation, water conservation, profitable agricultural production and quality urban landscapes.

Our recommended funding support for this effort will be in the amount of \$10,000 to further the goals and objectives of the ITC.

Support for this effort is important to BexarMet's continued efforts to manage and use our local water resources efficiently.

Please call Mr. Chuck Ahrens of my staff at 210-357-5710 if you have any questions or comments relative to this matter.

Sincerely,

BEXARMET WATER DISTRICT

Thomas C. Moreno
General Manager/CEO
