RE: Irrigation Technical Center

Dear Dr. Fipps:

On July 18, 2000, the Medina County Groundwater Conservation District Board of Directors voted unanimously to support the concept and further development of the proposed Irrigation Technical Center (ITC). This support includes a pledge of \$1,000.00 towards the development plan for the ITC.

The District board recognizes that the development of new irrigation technology is essential to the sustainability of irrigated agriculture....the lifeblood of Medina County.

The District board looks forward to working with you as this project moves forward.

Sincerely,

A handwritten signature in black ink that reads "Luana Buckner". The signature is fluid and cursive, with a long horizontal stroke extending to the right.

On Behalf of the District Board
Luana Buckner
General Manager
